# House of Artisans | Cultural Site | Overview

Opened in 2018 as part of the Qasr Al Hosn cultural complex, House of Artisans celebrates the United Arab Emirates' rich intangible heritage and traditional craftsmanship. It serves as a vibrant center dedicated to the preservation, promotion, and contemporary interpretation of Emirati crafts such as Talli (embroidery), Sadu (weaving), Khoos (palm frond braiding), and pottery. Through exhibitions, live demonstrations, and hands-on workshops, House of Artisans connects visitors with local artisans and their stories, ensuring the transmission of traditional knowledge and skills to future generations. The space also fosters innovation by encouraging the reimagining of heritage crafts within modern design and creative industries, reflecting Abu Dhabi's continued commitment to sustaining its cultural identity.
